Objectives for Initiatives:

- To develop an enjoyment of sport and physical activity and promote a healthy lifestyle in children from an early age;
- To Inspire children of all abilities to continue the sporting legacy of the London 2012 Olympic Games;
- To support all pupils to realise their ambitions and identify their skills and talents and embrace these;
- To educate all pupils in how to maintain a healthy lifestyle and use sports activities to maintain good health and develop social skills;
- To facilitate children in establishing and maintaining new friendships and team skills.

The impact of the spending in 2014-2015 was as follows:

- 100% of pupils participated in additional sports provision over the year including swimming, wrestling, tennis, tag rugby, hula hopping and cricket.
- A broader range of extra curricular provision was made for all year groups across the year with the use of specialist coaches where applicable
- Quality PE provision deployed across school by the PE coach which has supported staff to take a lead on PE delivery for the academic year 2015-2016

We are delighted that the Sport Premium will now be extended into the academic year 2015/2016, having originally only been guaranteed for two years. The funding,

which has been available since the start of the current academic year, is allocated directly to primary schools, providing them with dedicated resource to increase PE and school sport provision in their schools, and was due to end in Summer 2015.
