

## Sports Premium Spending 2019-20

### Cockton Hill Junior School

#### Sport Premium Spending Aims 2019-2020

Cockton Hill Junior School will receive **£18,190** in Sports Premium funding for the academic year 2019 - 2020. Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport offered. This document will be updated with evidence and impact at appropriate intervals during the academic year.

There are **5 key indicators** that schools should expect to see improvement across:

1. the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. the profile of PE and sport is raised across the school as a tool for whole-school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

#### Aims of using the Sport Premium funding at CHJS:

- To develop an enjoyment of sport and physical activity and promote a healthy lifestyle in children from an early age;
- To support all pupils to realise their ambitions and identify their skills and talents and embrace these;
- To educate all pupils in how to maintain a healthy lifestyle and use sports activities to maintain good health and develop positive social skills;
- To engage pupils in continuous PE outdoor provision during breaks and lunchtime;
- To improve expertise and confidence of staff by providing high quality CPD;
- To support teaching to raise end of key stage outcomes for all pupils;
- To further develop the provision of extra-curricular sporting activities across the school year with a specific focus on engaging new starters to school and pupils with previous low participation levels;
- To ensure that all pupils are able to access provision by providing opportunities for all pupils to participate in out of school sporting events and by supporting transport issues to events.

This spending will be sustained by using the premium to upskill teachers in delivering high quality and engaging PE lessons. Extra-curricular activity this year will be a model for future years and support all staff in leading this provision.
